Wisconsin Youth Conference

An Exciting Pre-College Experience

Provided through a partnership between
UW Stevens Point - Native American Center and
Great Lakes Native American Research Center for Health

June 15-20, 2008

Academics and Career Experiences

Past activities have included a variety of fun and exciting learning experiences for high school students, such as: the opportunity to see **Chemistry** and **Physics** in action, test their science skills through an interactive **CSI demonstration**, learn techniques and skills for successfully **applying to college**, and venture into the kitchen to increase their knowledge of **nutrition**.

Cultural Activities

This year, conference attendees will have the opportunity to learn a variety of Native American languages, listen to Elders from various cultural backgrounds, create arts and crafts, and possibly visit a historic Native American village.

Field Trips and Recreational Activities

Students will have plenty of time for fun activities to add to their camps experience. Activities planned for this year's conference include something for everyone. Here is a sampling of the activities:

- Swimming
- Volleyball
- Board Games
- Horseback Riding
- Seeing a Movie on Campus
