Summit 8:30 a.m. – 4:30 p.m.

Day 1 October 9th – Social Gathering - 5 pm place TBD
(food provided)

HOSTED BY

Great Lakes Inter-Tribal Council, Inc. (GLITC)

We request your participation in a two-day summit dedicated to learning more from member Tribes about what is working well to promote substance use recovery, improve mental behavioral health support and services, and expand healthcare opportunities for Native Americans through all stages of life. This event will bring together Tribal Leaders, Public Health professionals, Environmental Health staff, Tribal Emergency Managers, State and Federal representatives, GLITC Staff and other stakeholders to discuss collaboration and future alignment of resources to support all Tribal Nations with their individual needs and achieve the desired positive outcomes.

Your voice matters: Your input will directly inform GLITC's Strategic Plan and define a collective vision to prevent substance use and promote recovery; improve access to Mental/Behavioral Health services and supports; and deliver effective Healthcare that encourages healthier lifestyles and sustains comprehensive healthcare services throughout life.

Travel: GLITC has reserved a Hotel room block at the Mohican North Star Gaming and Resort for October 8th, 9th & 10th for summit attendees. Travel cost reimbursement is available for eligible attendees.

Registration is due no later than October 1st!

Use this **link** to register for the Summit and to RSVP for the Social Gathering
