

Melody Cole, MS, RDN

Motivational Interviewing Network of Trainers, Member

Melody is an experienced Clinician and Consultant who utilizes Motivational Interviewing (MI) with individuals and groups in the health care setting. Melody designs and facilitates MI trainings for physicians, nurses, behavioral health clinicians, and a variety of other health care professionals. In addition to clinical training, Melody integrates MI enabled content into strategic initiatives and organizational change. She enjoys developing and coaching others in an MI consistent communication style that builds trust and establishes working relationships. Melody became a member of the Motivational Interviewing Network of Trainers in Berlin, Germany in 2015. Melody has a keen interest in MI with Leadership and Medical Groups and is active in the local Wisconsin MINT community.
